Woodland Park construction update - see page 2

Neighborhood Planning & Improvement Program

The City is seeking feedback about your neighborhood and what can be done to improve it. The Neighborhood Planning and Improvement Program aims to collect input from residents to improve the City's services and responsiveness to neighborhood issues and to help identify and prioritize capital improvement needs.

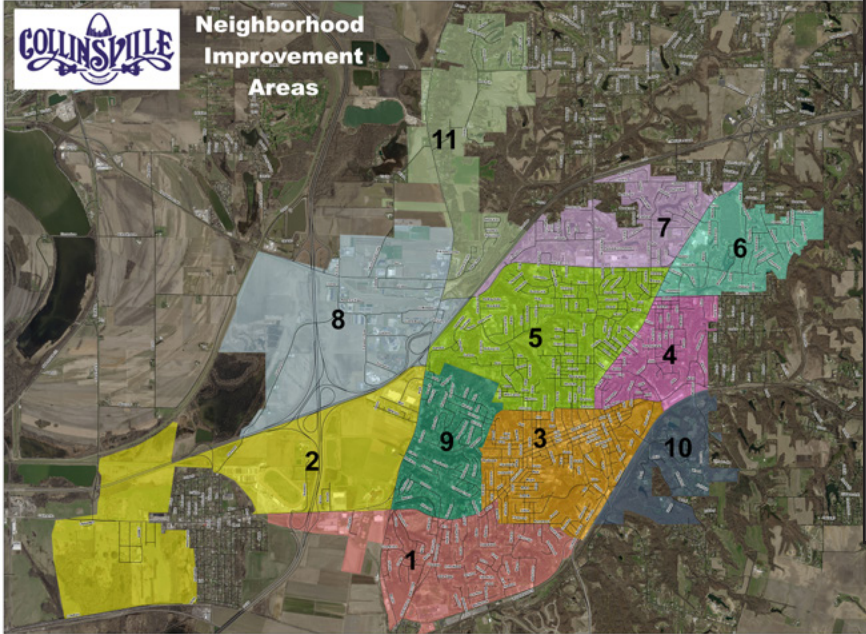

Please visit the City's website collinsvilleil.org or scan the QR code to take the survey. Your time and input is valued and appreciated!

Survey Link: <https://www.surveymonkey.com/r/NIS>

Program Goals

- Connect residents & city staff
- Receive feedback & input from residents on several criteria impacting their neighborhood
- Improve the appearance and functionality of our neighborhoods
- Improve customer service and city responsiveness to neighborhood issues

Woodland Park - Under Construction

If you have been to Woodland Park recently, you have noticed quite a bit of construction happening. The Collinsville Parks and Recreation Department, along with the City's Street Department have begun construction on new pavilions and play structures.

The current Rotary Playground is approximately 20 years old and is lacking a play structure that will accommodate a currently underserved age group of children who come to visit our parks.

"The new playground will serve kids ages 2 to 5 and 5 to 12. We don't have any playgrounds currently in our park system that serve children aged 2 to 5 so we are looking forward to adding this and giving that play opportunity to the younger children," Kimberly Caughran, Parks and Recreation Director said.

Total cost for the play structures is \$176,970 with \$86,372 coming from a Madison County Park Enhancement Program Grant.

The timeline for completion of the two playgrounds is fall of 2022. Caughran said the current playground will not be taken down until the new structure is to be installed.

This project is just a small portion of a large plan to revitalize Woodland Park in order give the residents the best facilities possible.

"We are excited to see the continued improvements in our parks as these enrichments directly impact our residents

as well as those who visit. We have a great parks and rec staff, and the City taking over management of the parks a couple of years ago has returned fantastic benefits to our citizens," City Councilman Tony Hausmann said. "We also greatly appreciate the donation by the Rotary Club of the wheelchair swing and their continual support and service to the community. There is more to come."

Previously, the City Council approved the construction of five pavilions and a new amphitheater to replace aging facilities. Construction has begun during the summer months starting with the concrete foundations of the pavilions.

Other activity at the park includes major improvements to Fletcher Field such as new grass and sod, repair of the scoreboard, new pitchers' mound and a backstop net. With these improvements Fletcher Park will be able to provide a great place for the Collinsville High School Baseball team to play and practice. We would like to thank CUSD10 for their partnership during this process and the Collinsville High School Baseball Booster Club for installing the new backstop net.

2022 Green Recognition Program Call for Nominations!

In 2021, the City of Collinsville started a Green Recognition Program to spotlight businesses and organizations who have gone above and beyond to conserve resources, reduce environmental impacts, and establish sustainable practices in their daily operations. Last year we spotlighted the efforts at Dorris Intermediate School, DeJaVu Kidz, and Old Herald Distillery & Brewery.

We are looking for nominations for 2022! In addition to businesses and organizations, this year we are widening the scope of nominees to include individuals! The nominees will be reviewed by the Collinsville Cool Cities Committee to review the overall sustainable efforts being made. Those making the biggest impact will be spotlighted by the City in a video, and the nominee making the biggest impact will be honored during the C3 Community Awards in November! For more information on how to nominate a business, organization, or individual, please go to Collinsvilleil.org/greenrecognition.

Tree Inventory Project

Woodland Park Tree Inventory

Trees significantly contribute to the environmental and human health of the City and its residents. To better understand our tree resources within the City, the Parks & Recreation Department has undertaken the Tree Inventory Project, an effort to map, measure, and identify public trees across the City. Since 2019, over 1,250 trees have been catalogued and mapped at City parks, Willoughby Farm, Collinsville Aqua Park, Gateway Convention Center, and along Main Street. The information collected includes

the tree's location, species, and condition. The tree inventory provides guidance on which trees need maintenance in the form of pruning or removal and aids City staff in understanding the species distribution throughout the community, determining the amount of tree canopy within the community, and determining the quantity and location of vacant tree planting sites.

This information enables City staff to plan for a resilient future for our trees and avoid devastation from a single pest or disease.

Arbor Day

Summit Elementary 2nd graders and members of the Community Appearance Board planting a red glory maple tree at Willoughby Farm during the 2022 Arbor Day celebration.

VOLUNTARY TREE INVENTORY AND INVASIVE SPECIES IDENTIFICATION

Are you interested in knowing the type of trees on your property? Or do you need assistance identifying an invasive plant species on your property such as bush honey-suckle or winter creeper? The Parks & Recreation Department is offering a free site consultation to any interested resident within the city. Sign up by scanning the QR Code or visit the address below to register your property. Once an appointment has been made, a Parks & Recreation staff member will coordinate a visit to your property to inventory the trees on-site, identify any invasive species you may have, and provide guidance on effectively removing and replacing invasives with native plants. The trees inventoried on your property will be added to the City's Tree Inventory Project, which will be viewable on the City's GIS Public Access Portal.

WWW.COLLINSVILLEIL.ORG/TREEID

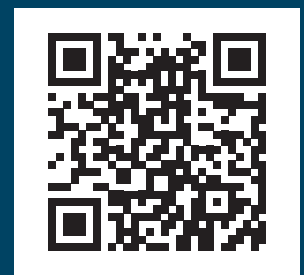

Winter Creeper
(*Euonymus fortunei*)

Winter creeper is a vigorous vine that takes over trees, chokes out other native plants, and causes loss of plant diversity in our woods.

Bush Honey Suckle

While they can look like an attractive plant with their flowers and bright red berries, this plant is invasive and does not provide adequate food and habitat for birds, shades out native understory, and spreads rapidly throughout forests, making it one of the most invasive species throughout the Midwest.

Fire Department

SENIOR ASSISTANCE HELPLINE

Brought to you by:

+

Senior Assistance Helpline

618-344-8080

WE CAN HELP WITH:

 Assisted Transportation	 Home Modifications and Minor Repairs
 Medicare Counseling	 Seasonal Yard and Garden Maintenance
 Social Activities	 Shopping Services

A couple months ago, the Fire Department received a call from a senior resident needing some help after she had fallen and could not get herself up. Upon arrival, it was clear that she was in need of additional assistance. The Firefighters on scene contacted her grandson to discuss her need for a Life Alert button, as well as a lift chair, some grab handles and other items to assist her in "aging in place". Knowing more could be done to help her, and others, the Firefighters began looking into organizations that might be able to provide this assistance.

Connecting with Faith in Action was pure luck. One of the Firefighters was driving Uptown on the day Faith in Action was

to Collinsville's large population of seniors that want to age in place versus moving to assisted living.

The result is a campaign to get the word out to seniors that there is an organization to help them with things such as transportation, home maintenance and repair, yard work, shopping services, Medicare counseling, and even social activities. Magnets with this information were created and are being left with residents who can benefit from the program, and both Faith in Action and the Fire Department will be promoting the program via social media, local advertising, and in-person meetings with community groups.

The Collinsville Fire Department looks forward to working with Faith in Action and growing the program to help the citizens of our great community now and in the future. By providing our support through more resources and assistance to those in need, we will be helping them continue living their independent lifestyle.

handing out brochures on Main Street. The Firefighter received a flyer and thought "this is exactly what we need". A meeting was held and now the Fire Department has a great partnership with the Faith in Action team to help provide necessary assistance

CPR Classes are held on the first Wednesday of each month from 6-9 pm at Fire Station 1, 130 South Clinton.

The class consists of Infant, Youth & Adult CPR as well as an introduction to the AED (Automated External Defibrillator). The class does not include First Aid Certification; available First Aid classes can be found at cpr.heart.org

The cost is \$25 for City & Fire District residents and \$50 for nonresidents.

Our classes are "Heartsaver" through the American Heart Association and are not appropriate for Health Care Providers who need "BLS Provider" Certification. BLS Classes can be provided to groups of 6 or more upon request. Heartsaver classes can be provided to larger groups upon request as well (scouts, church groups, businesses, etc).

To register, send your name, home address, phone number and date you'd like to register for, to: tcarlson@collinsvilleil.org.

You will receive a confirmation and additional information by return email.

To set up a group class, contact Tracy Carlson at 618-346-5022 ext. 3141

Police Department

On June 09, 2022, Lt. Eric Owen, along with 253 law enforcement officers, graduated from the FBI National Academy in Quantico, Virginia. The 282nd session of the National Academy consisted of men and women from 47 states and the District of Columbia. In addition, the class included members of law enforcement agencies from 26

countries, four military organizations, and nine federal organizations.

Internationally known for its academic excellence, the National Academy offers 10 weeks of advanced communication, leadership, and fitness training. Participants must have proven records as professionals within their agencies to attend. On average, these officers have 21 years of law enforcement experience and usually return to their agencies to

serve in executive-level positions. FBI Academy instructors, special agents, and other staff with advanced degrees provide the training, with many instructors being recognized internationally in their fields. FBI Director Christopher Wray delivered remarks at the ceremony.

Lt. Owen has been with the Collinsville Police Department for 23 years and is currently assigned to the Investigations Division.

NEW FACES AT COLLINSVILLE POLICE DEPARTMENT

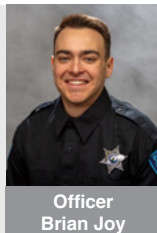

On December 27th, 2021, Officers Brian Joy and Emily Briley, were sworn in by Mayor John Miller as the two newest police officers for the City of Collinsville. On April 22nd, 2022, both officers graduated from the Southwestern Illinois College Police Academy.

Following the police academy graduation, Officer Joy and Officer Briley began their 14 weeks in the Field Training Program where we will build upon the foundation they started in the police academy, with the goal of turning them into a well-rounded Collinsville Police Officer.

Welcome to Collinsville Officers Joy and Briley!

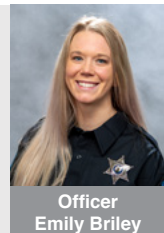

Brian Joy, 23, of Belleville, comes from a law enforcement family. His father has been a police officer for 22 years and currently serves as a Sergeant with the Shiloh, Illinois Police Department. Brian graduated from Western Illinois University in May 2021 with a bachelor's degree in Law Enforcement and Justice Administration.

Officer Brian Joy

Emily Briley, 27, of Lebanon, was most recently employed as a telecommunicator with the Illinois State Police where she served for four years.

Officer Emily Briley

COLLINSVILLE IL POLICE DEPARTMENT

CHIEF STEVE EVANS

2021 ANNUAL REPORT

2021 POLICE - ANNUAL REPORT

The Collinsville Police department has published its 2021 annual report. This report is intended to provide a general overview of crime trends in our community along with an overview of activities and accomplishments which lead directly to the safety of our community. The Collinsville Police Department is very proud of their entire professional staff and ask that you take a few minutes to look at their outstanding accomplishments.

DEDICATED TO PROACTIVE SERVICE

K-9 PATROL

K9

Training - Training is an integral part of an effective K9 team to ensure they stay sharp. Cdn conducted over 200 hours of training in 2021, and the members contribute with the American Man-Training and Police Work Dog Association, as well as the Illinois Police Training & Development Fund.

Deployments - Cdn was deployed for a variety of different scenarios for a variety of area agencies, including Collinsville, Madison County, Wood River, Caseyville, Alton, Puxton Beach, and Highland Police Departments. Of those assignments, 6 tracks were conducted, with 2 of those tracks ending with the apprehension of a suspect. With the national average for the apprehension of a suspect on a track being less than 10%, Cdn is off to a great start to his career. Other deployments include vehicle audits, article/evidence searches, and area searches.

Demonstrations - K-9 teams are one of the better tools used to connect the police department and the community. Due to the Covid-19 pandemic, many common demonstrations were cancelled this year, but the unit was proud to demonstrate the program and the K-9's abilities to the 2021 Youth Academy. Other common events include school events, Collinsville Police Academy, and local community events.

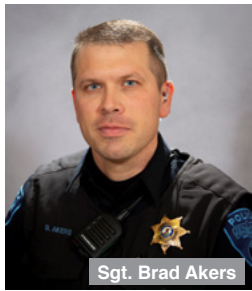

Historically, the Collinsville Police Department has maintained at least two multi-purpose K-9 teams assigned to the patrol division. However, 2021 brought significant change within our K-9 program. First, Officer Scott Pritchett was promoted to the rank of Sergeant, resulting in his K-9 partner, Mugg, retiring after 5 years of service. In March of 2021, Cdn, a 4-year-old Belgian Malinois was added to our department and was assigned to Officer Dylan Madison.

Then in May of 2021, adding our 5-year-old German Shepherd assigned to Officer Mike Brown, tragically and unexpectedly passed away as a result of a medical emergency.

It is our goal to add a second K-9 team to our ranks in the first quarter of 2022.

SOUTHERN POLICE INSTITUTE - SGT. BRAD AKERS

On May 12, 2022, Sgt. Brad Akers graduated from the 147th Administrative Officers Course at the Southern Police Institute in

Louisville, Kentucky. He began this challenging journey on February 14, 2022, sacrificing time at home with his family to enhance his managerial and leadership skills.

Training of our management team is paramount to the success of the organization. Historically, we send officers to a 40-hour first line supervisor program prior to a promotion to the rank of Sergeant. Once promoted, all Sergeants are eventually sent to the Southern

Police Institute in the order they were promoted.

The Administrative Officers Course is a challenging twelve-week, accredited college level educational program. The course curriculum is designed to develop informed, effective, ethically and technically competent law enforcement managers who are capable of assuming positions of leadership in their respective agencies. It is an appropriate course for individuals in or about to be promoted to middle and upper management positions. This comprehensive managerial development program provides instruction in law enforcement issues, diagnostic problem solving, and administrative law. The varied methods of instruction used by

the faculty permit participants to engage their individual creativity and initiative through the analytical examination of issues and problems faced by contemporary law enforcement managers. Graduates of the Administrative Officers Course are numbered among today's law enforcement leaders directing agencies throughout the United States and abroad.

We are happy to have Sgt. Akers back and we're confident his SPI experience has further enhanced his abilities to serve our community.

Congratulations to Sgt. Brad Akers for a job well done!

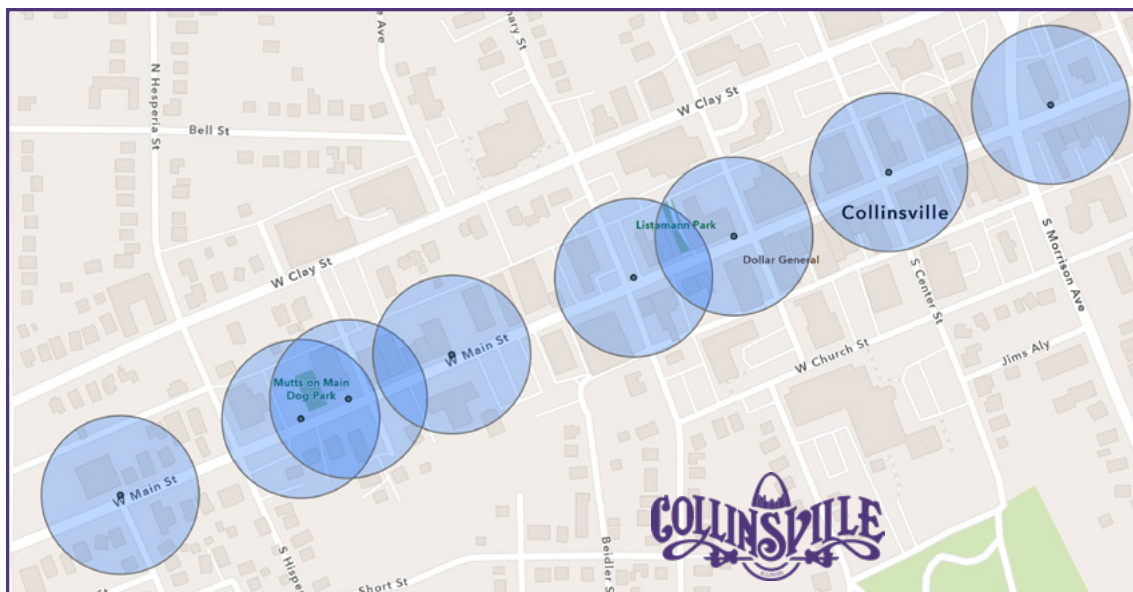

If you're Uptown Collinsville - look for the Wi-Fi Network:

City-Guest

There is no password required.

The City of Collinsville provides FREE WI-FI along Main Street in Uptown Collinsville. There are a total of 8 access points along Main Street, with each access point having a 225ft radius range.

The network bandwidth restrictions are up to 10mbps download and up to 5mbps upload.

The network also has client isolation enabled for security of attached devices (attached devices cannot communicate with each other) and has content filtering enabled (all adult and malicious categories blocked)

NOMINATIONS BEING ACCEPTED FOR THE 2023 HALL OF FAME INDUCTEES

Kahok Nation,

On behalf of the Collinsville Community Unit School District #10 Hall of Fame Selection Committee, we are excited to begin accepting nominations for the inaugural Class of 2023 Hall of Fame inductees.

Our district is fortunate to have a long and storied list of alumni, residents and employees who are worthy of recognition for their community service, academic achievement, professional accomplishments and service to the district. Furthermore, Kahok Nation has a long history of student athletes, alumni and coaches that have experienced a great deal of athletic success and accomplishments.

The Hall of Fame will recognize athletic and personal accomplishments, exemplary citizenship, contributions to society and actions that brought distinction and honor to all associated with Collinsville Community Unit School District #10.

The Hall of Fame Selection Committee consists of eleven members: four from the school district and seven representing the community. We are honored to be part of this endeavor to celebrate the accomplishments of fellow Kahoks.

To organize the difficult task of selecting the inaugural Hall of Fame Class of 2023, as well as future inductees, we have established the following Hall of Fame Divisions*:

DISTINGUISHED: Individuals are recognized for community service, academic achievement, professional accomplishment and school district employment.

ATHLETIC: Individuals, Teams and Coaches are recognized for their success and accomplishments.

*Collinsville Community Unit School District #10 Hall of Fame by-laws can be accessed on the district website.

The Selection Committee will accept nominations for the Collinsville CUSD 10 Hall of Fame beginning Wednesday, June 8, 2022. An online nomination form is available at: www.kahoks.org/community/hall-of-fame. You may also pick one up from the CUSD 10 district office at 201 W. Clay Street.

Completed forms should be submitted electronically or returned to:

**2023 Hall of Fame Nominations
201 W. Clay Street
Collinsville, IL 62234**

Nominations will be accepted until 5:00 p.m. on September 1, 2022.

Please note these upcoming important dates for the Collinsville CUSD 10 Hall of Fame:

The inaugural class will be announced during the Holiday Classic Basketball Tournament held in Fletcher Gymnasium on December 28-30, 2022.

On February 16, 2023, an induction ceremony will be held at the Gateway Convention Center in Collinsville. Tickets for this event will be limited and go on sale in December 2022.

Sincerely,

Mark B. Skertich

Superintendent

At the May 24, 2022 City Council Meeting, 6 CHS Seniors were recognized for receiving a \$1,000 Stan Schaeffer Memorial Scholarship presented by the Collinsville Area Community Foundation (CACF). Since 2010, more than 50 CHS seniors have been awarded this scholarship.

The CHS graduating class of 2022 had 442 students and received over \$7.2 million dollars in scholarships and grants, from various sources, to continue their education.

Support Local Scholarships

To support the Stan Schaeffer Memorial Scholarship, other local scholarships, or to create a new scholarship for Collinsville High School students, visit Collinsvillefoundation.com. CACF is a public charitable organization as defined by Section 501(c)(3) of the Internal Revenue Code. All contributions and gifts are tax deductible. Donations and bequests are accepted from and disbursed to individuals, groups or businesses.
