2024 BUDGET OVERVIEW

The proposed budget for 2024 are submitted in accordance with Chapter 65 of the Illinois Compiled Statutes (65 ILCS 5/8-2-9.1 through 5/8-2-9.10). When passed by Ordinance of the City Council, this budget document establishes the City of Collinsville's legal spending limit for the fiscal year beginning January 1, 2024. Budget amendments can be made throughout the budget cycle as follows:

Transfers of \$10,000 or less within a fund and object class, as defined by Illinois Compiled Statutes (65 ILCS 5/8-2-5) may be made with the approval of the City Manager and Director of Finance.

Transfers within a department in excess of \$10,000, transfers between funds and object classes or increases in budget must be approved by the City Council.

BASIS OF ACCOUNTING

The City uses the modified accrual basis of accounting and budgeting for the Governmental Funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e., both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recorded when the related liability is incurred. Generally Accepted Accounting Principles in the United States of America require that consolidated financial statements be presented on the full accrual basis of accounting and that fund financial statements be presented on the modified accrual basis of accounting. However, the audited financial statements include a Budgetary Comparison Schedule for each major fund in the Required Supplementary Information section.

FUNDS

The accounts of the City are organized by funds, each of which is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, fund balance/equity, revenues, and expenditures. The budget includes projected revenues and expenditures/expenses for twenty funds. The Governmental Funds include: General, Capital Projects, Tree Memorial, Police Vehicle, DUI Court Fines, Motor Fuel Tax, Tax Increment Financing District 2, Tax Increment Financing District 3, Southwest Corridors Tax Increment Financing District, Southwest Corridors Business District, Northeast Business District, Collinsville Crossings, Fournie Lane, and Animal Shelter. The Proprietary Funds includes Water/Wastewater, Project, and Bond.

The funds are classified into four different fund types. The General Fund is the general operating fund of the City, which essentially includes all resources except those required to be accounted for in another fund. Capital Projects Funds are used to account for the construction or acquisition of governmental assets that have a useful life in excess of one year and a cost in excess of \$5,000. Those assets may include buildings, equipment, infrastructure, etc. Special Revenue Funds are used to account for specific revenue sources that are restricted (either externally or internally) to expenditure for a specific purpose. Enterprise Funds or Proprietary Funds are used to account for operations that function similar to private business where the intent is that the costs of providing service are financed entirely through user charges.

The City's audited financial statements have fewer funds than the budget; the three Tax Increment Financing Districts are consolidated into one Fund for the financial statements. Additionally, the business-type activity, which includes Water/Wastewater Fund, Project Fund and Bond Fund, is consolidated into a single Proprietary Fund. In the December 31, 2022, financial statements, the General Fund, Tax Increment Financing Fund, Capital Projects fund, and Collinsville Crossings Fund were considered major governmental funds.

REVENUES

The 2024 budget includes projected revenues for of approximately \$94 million (approximately a 50% increase compared to 2023) in all funds combined.

Sales tax revenue can be volatile because minor changes in the economy dramatically affect consumer confidence and spending. More information about the 1% General Sales Tax and the 1.25% Home Rule Sales Tax can be found in the ten-year trend section.

The second-largest source of revenue is Water and Wastewater Fees, which includes usage rates, tap-on fees, penalties, etc. The 2024 Budget includes 7% increases in all water and wastewater rates. More information about Water and Wastewater Revenue can be found in the ten-year trend section.

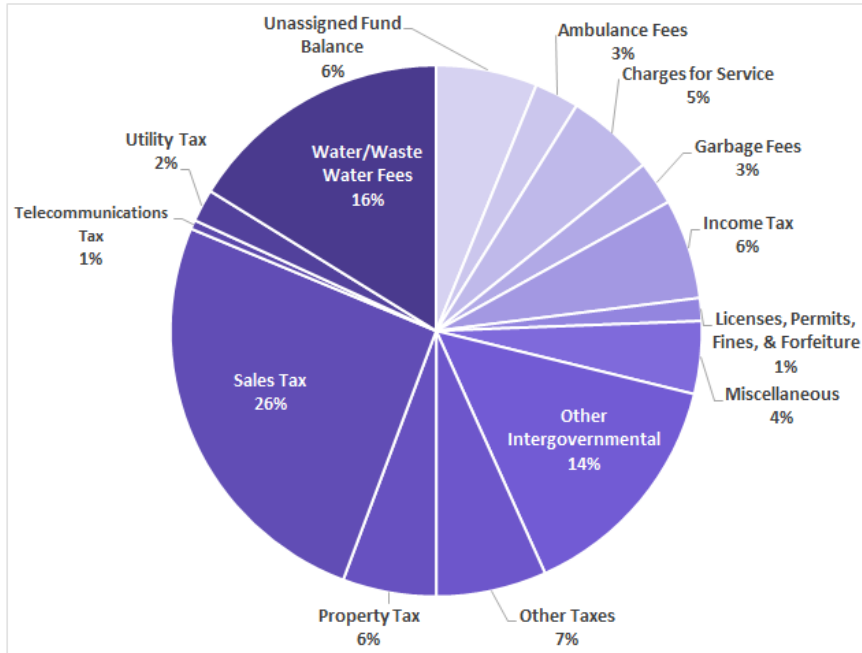

Property tax includes the corporate property tax levy and TIF Property Tax. Property Tax has declined significantly as a revenue source for the City due to Police and Fire Pension funding requirements. (The Police and Fire Pension Funds are fiduciary in nature and have been excluded from the 2024 budget document.) Property Tax makes up 6.0% of total revenue in 2024. More information about Property Tax Revenue can be found in the ten-year trend section.

Income Tax continues to be a significant revenue source for the City at 6% of total revenue in 2024. The State of Illinois income tax distributions to municipalities are currently steadier than in past years. Distributions in 2024 are expected to remain stable. More information about Income Tax Revenue can be found in the ten-year trend section.

OTHER FINANCING SOURCES/OTHER FINANCING USES

Other Financing Sources of Funds are increases to Fund Balance that do not meet the definition of revenue. It primarily includes such things as proceeds from debt issuance, proceeds of the sale of capital assets, and transfers from other funds. Similarly, Other Financing Uses of Funds are decreases to Fund Balance that do not meet the definition of an expenditure/expense. It primarily includes transfers to other funds. The following tables show Other Financing Sources of Funds and Other Financing Uses of Funds. The purpose for using these categories is to keep these items “below the line” or out of net income on an income statement. Otherwise, consolidation of funds would result in counting these items twice as either a revenue or an expenditure. The City of Collinsville’s Other Financing Sources of Funds and Other Financing Uses of Funds are comprised of interfund transfers and proceeds of debt issued for capital projects.

The City of Collinsville has established a policy of keeping the fund balance in the two operating funds (General Fund and Water/Wastewater Fund) between 15% and 20% of current year revenues. This goal will be reached in the Water/Wastewater Fund in 2024 as ending fund balance will likely be 17%. The ending fund balance goal will also be reached in the General Fund for 2024 as ending fund balance is expected to be 19%.

The City issues bonded debt to finance projects that are too large to be funded through a budget cycle. At the beginning of the 2024 budget, the total outstanding debt will be \$45,918,784. The LIST Revenue Bonds issued in 2007 were for infrastructure in the Collinsville Crossings development. Principal and interest payments are budgeted in the Collinsville Crossings Fund. Funding for the debt service is limited to the incremental general sales tax that is generated within the development. The original amount of debt issued was \$20,250,000. This is the only bonded debt obligation that is not backed by the full faith and credit of the City.

General Obligation Refunding Bonds were issued in 2012 to partially refinance the 2006 bonds (\$20 million sewer plant expansion.) Principal and interest payments are budgeted in the Bond Fund. Funding for the debt service is provided by a transfer from the Water/Wastewater Fund. The original amount of debt issued was \$9,625,000.

Taxable General Obligation Refunding Bonds were issued in 2014 to partially refinance the 2007A GO Bonds (\$7.3 million infrastructure within the Collinsville Crossings development.) Principal and interest payments are budgeted in the Collinsville Crossings Fund. Funding is provided by the 1% business district sales tax of the Collinsville Crossings (North and South) Business Districts. The original amount of debt issued was \$6,260,000.

The City has obtained approval for an IEPA loan for a Biosolids Dewatering capital project. The loan principal is anticipated to be approximately \$6.89 million with repayment beginning in 2024. Funding is provided by the Water & Wastewater Enterprise Fund.

The City of Collinsville became home-rule by special census on August 24, 2005, and no longer has a debt limit. The residents of the City voted by referendum vote in November 2022 to keep home-rule. The City has been assigned an Aa3 bond rating by Moody's Investors Service, which demonstrates a very strong creditworthiness.
